

Gaddis 8th Edition
Chapter 6 Question Number 5

Minkyu Ray Park
Created on May 6, 2018
Falling Distance

System Libraries
`#include <iostream>`
`#include <iomanip>`

Global Constant
none

Function Prototype
Temperature (int, int)

A

A

Main

Celsius, Fahren

Function
Temperature (int Celsius, int
Fahren)

return
 $Celsius = 5/9 * (Fahren - 32)$

B

B

Process
cout, cin

Solution

Exit Stage
Right
